Report from Family Historian Sylvia Hunsberger:

Not much NEW to report. We are working on something new for our work in updating new records since the 1995 edition. We are out-growing, in volume, our old system. Which is great!! In the fact that you, the members, are continuing to add and up-date your family. ARE YOU SURE your family part of the up-date??? Remember, Births, Marriages, Deaths also New Addresses; always include full names, Dates and Places and always include your family number. I have been quite busy and I know that a few of you have asked "What do you have or need for my Family?" I have not forgotten your request!
